Marketing Manager

Dear Mr. Sial:

Our deepest gratitude to you and your staff for the recovery of our computer data. As you know, our computer and backups were lost in a four alarm fire that destroyed Oak Mill the morning of August 12th 1998. Thanks to your hard working employees I am extremely happy to say that Oak Mill Inc's files were recovered 100%.

Very truly yours,

Maxine Andary
Office Manager
