National City, California 91950

Dear Manuel:

As a volunteer with the Noank Volunteer Fire Co. # 1 of Noank, CT, I know I speak for our entire group in expressing our sincere appreciation for your Company's donation of \$300.00 of services, labor, and shipping costs to recover data from a damaged zip disc we owned.

Without your most generous assistance, we would have spent countless hours attempting to reconstruct this information. Quite honestly, without your help, we would have simply lost valuable, irreplaceable information. With all of the negative publicity that companies seem to receive today, it is refreshing to know that companies like yours who truly care, do exist.

Although your services were all donated, we were treated with the respect given a large customer. Your company's work was prompt, professional, and we received friendly, courteous, highly "customer-oriented" treatment from everyone we came in contact with.

On behalf of the entire Noank Volunteer Fire Company, please accept my most sincere thanks.

Sincerely,
NOANK VOLUNTEER FIRE CO., # 1 INC

Lawrence G. Spees
