This letter is to thank the technicians at Advanced Data Solutions for the speedy repair of my hard drive and recovery of the data on that hard drive. I was delighted to receive my hard drive and discover that all of the important data was recovered. The technicians I spoke with were very helpful and responsive to my questions. I support many other areas with the data mentioned, so efficient service was really needed in this case. Thank you again for repairing my equipment so quickly. Your efforts are greatly appreciated.

Thank you,

Phil Rietta
